

## Indoor / Outdoor Distribution Box-SFOD02

The SofeTEK distribution box offers the ability to terminate 8 fibers housed in a robust ABS enclosure for indoor and outdoor applications.

With the ability to use a full array of adapter types offering a flexible solution to the end user, enabling them to incorporate a multi functional enclosure which allows easy access during installation or re-work with no disturbance of the existing cable or fibers.

In addition to the array of adaptors the enclosure also offers up to 8 exit points for patching cables and 1 standard cable entry points for loose tube, tight buffer, pre terminated and steel tape armoured cable.

Each enclosure has integrated strength member tie positions and bend radius protection with the addition of a removable front door allowing for quick and easy installation.

### Product Introduction
