Sticklers® CleanWipes™ 400

Fiber Optic Cleaning Wipes

Sticklers® CleanWipes™ 3200

Fiber Optic Cleaning Wipes

Sticklers® CleanWipes™ fiber optic cleaning wipes are high quality optical grade wipes engineered for cleaning fiber prior to splicing, or for cleaning fiber optic jumpers and connector plugs. These wipes make cleaning virtually any kind of connector fast, reliable and affordable. They are engineered to be used with the Sticklers Fiber Optic Splice & Connector Cleaner fluid (#MCC-POC03M) for perfect cleaning results.

The wipes are a static dissipating high modulus fabric that resists shredding even when cleaning LC connectors. Using the patent pending Sticklers CleanSwipe slots they quickly lift away fingerprints, oils, grime, polishing compound, dust and lint. Multifunctional, they are ideal for cleaning bare fiber and fiber optic connector end-faces, as well as lenses, mirrors, diffraction gratings, prisms and test equipment.

The Sticklers CleanWipes fiber optic cleaning wipes are offered in two package sizes with the larger size perfect for high-volume, high-speed cleaning required by OEMs making patch cords and jumpers. The smaller size fits in tool kits for the “go anywhere, clean anything” demands of field service applications.

Experts recommend each connector and every splice be cleaned during installation, maintenance and reconfiguration. (This is true even if a jumper is factory-new.) The Sticklers CleanWipes fiber optic cleaning wipes are your key to fast reliable and low cost cleaning when you need perfectly clean splices & connectors®.

- CleanSwipe™ slots for fast, perfect cleans
- CleanSwipe™ slots are “color clean” coded for usage control
- Super Simple - Super Fast- Super Value
- No touch, No rip, No shredding
- High-modulus wipes won’t scratch end-faces
- Exclusive static dissipating cleaning surface eliminates static and re-cleaning

Packaging

3,200 Cleans/Box, 4 Boxes/Case

MCC-WC800

400 Cleans/Box, 12 Boxes/Case

MCC-WCS100

“Color Clean” coded CleanSwipe slots for fast, perfectly clean results.

Product Notes

INSTRUCTIONS: See the back panel on each box for detailed instructions.

SHIPPING: Sticklers fiber optic cleaning products can be shipped anywhere, even by air, without hazmat fees or paperwork.

RELATED PRODUCTS: “Wet-dry” cleaning produces the cleanest end-faces. For the best cleaning use Sticklers CleanWipes fiber optic wipes with the Sticklers Fiber Optic Splice & Connector Cleaner (MCC-PO3M). This optical grade cleaning fluid out-performs alcohol cleaners because it has the ideal chemical characteristics (density, viscosity, drying time, etc.) and unique packaging to get the job done at the lowest cost-per-cleaning.
